### **DETAILED ACTION**

Claims 8, 13, 21 and 26-31 are pending in this application.

#### ***Action Summary***

---

1. Examiner acknowledges the addition of claims 30 and 31.
2. The rejection of claims 8, 13, 21 and 26-29 under 35 U.S.C. 102(b) as being anticipated by Yoshino et al. is hereby withdrawn.

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 8, 13, 21 and 26-31 are rejected under 35 U.S.C. 102(b) as being anticipated by Kohjin Co LTD (JP 11-169131).

Kohjin discloses a technique of masking the taste, acidity and a scent from the salt of food by using 5'uridylic acid sodium (UMP) or 5"cytidylic acid sodium (CMP) (see paragraph 0001). Paragraph [0007] describes the types of food to which 5'uridylic acid sodium (UMP) or 5"cytidylic acid sodium (CMP) can be added to, some examples are miso soup, vinegar, bitter orange juice, etc. The composition is drawn to administering uridine-5'-monophosphate as an inhibitor of bitterness to food or beverage, the prior art teaches that applying the same compound to food. Therefore, it is the position of the

examiner that it would since the same compound of the prior art is applied in the same manner as claimed then the composition of the prior art would have the same inherent properties as the claimed invention.

---

***Response to Arguments***

4. Applicant's arguments with respect to claims 8, 13, 21 and 26-31 have been considered but are moot in view of the new ground(s) of rejection.

The rejection of Kohjin is being reapplied to reject the claims because applicant has amendment the claims to recite that the bitter tastant is selected from either foods or beverages.

***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1616

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
